M'KINLEY'S FRIENDS SCORED

FOR INVADING THE SUCKER STATE AND STEALING DELEGATES.

Ohio's Protection Apostle Also Ponching on Governor Morton's Preserves-Other Political Matters.

Special to the Indianapolis Journal. WASHINGTON, March 9 .- Senator Cullom's boom was to-day reported to have again collapsed, but the story was vigorously denied by the Senator to-night. Four years ago, it will be remembered, Mr. Cuilom was a candidate for the presidency until the delegates began to be elected in Illinois and then the Cullom boom was withdrawn and Mr. Cullom became a sincere and active champion of Mr. Harrison's renomination. If Mr. Cullom should at any time withdraw he is expected to ally himself with Mr. Alllison. The Illinois Senator is indignant at the work of some of Mr. McKinley's friends in Illinois Mr. Cullom takes the stand that it was breach of courtesy for McKinley men to enter Illinois when he had announced his candidacy. As a matter of fact, the McKinley men did more than enter the State. They fought Mr. Cullom, and in several districts

D. Vickers, of Logan county, was nominated for presidential elector. Gen. Charles Grosvenor, of Athens, was nominated by acclamation for Congress. Dr. D. V. Runnels, of Vinton, was nominated for alternate elector. Resolutions were adopted indorsing McKinley for President. McKinley delegates were elected over Cullom delegates. In a letter to a friend Senator Cullom says:

over my State. They have their age around, organizing McKinley to make the State solld for McKinley. They renewed their efforts since my name nted at my home as a candidate President. There has been a large unt of money spent in Illinois by Mc-ey workers, and it is not easy to break ies which have been set up for than two years, and have been very actively at work for the last two months. In my opinion, McKinley is less qualified for the OMAHA, Neb., office than any other conspicuous candidate. He has less courage, less knowledge of national and international affairs than either of the others. Somehow people have got the notion that he alone is responsible for the so-called McKinley tariff; that he made it himself, and that he alone brought procity. The truth is that Mc Kimley fought reciprocity with all the force he had until forced to surrender."

If Senator Cullom should withdraw then Messrs. Davis and Morton ought also to withdraw, for McKinley missionaries are busy in Minnesota, and the trail of the Ohio man is evident in New York, where, in spite of all Mr. Platt's labors for Governor Morton, McKinley delegates are being elected with painful frequency. As a matter of fact. Mr. McKinley's friends are busy everywhere and there is good reason to believe that before long the tacit understanding to keep out of New England will be disregarded. The situation is now McKinley against the field. It is noticeable that wherever a Senatorial favorite son occurs, the Allison men are quiescent, for it seems to be generally accepted that Mr. Allison is in every such case the second choice. Mr. Harrison's refusal to enter the race has made Mr. Allison's friends claim strong support in Indiana, and it is generally believed that Mr. Quay's merry boomlet will head toward the Allison camp at the crit-(cal time. The Morton "movement" is regarded in Washington with charitable tenderness, for Mr. Morton made many friends

An Associated Press dispatch says: Senator Cullom said this evening regarding a story as to his probable withdrawal from the race for the presidential nomination: "There is not a shadow of foundation for the report. The suggestion could only have been advanced by those who would like to have me out of the way and with the malicious purpose of misleading the Republicans of Illinois and the country. I have no intention of withdrawing and will not withdraw. Put that as plainly and emphat-ically as you can find words with which to express the idea."

OHIO REPUBLICANS.

They Will To-Day Name Candidates and Elect Delegates.

COLUMBUS, O., March 9 .- The Repub can State convention assembles in this city at 3:30 p. m. to-morrow to nominate candidates for Secretary of State, member of Public Works, Judge of Supreme Court and Dairy and Food Commissioner and to select four delegates at large to the Republican national convention at St. Louis. It is practically settled that Governor Bushnell, Senator-elect Foraker, Congressman Grosvenor and Hon. Mark Hanna will be the delegates at large. All are pledged for McKinley for President, alhough Grosvenor and Hanna represent Mcmore particularly. The principal on the State ticket is for Dairy and oner. There are a half dozen candidates for the nomination and they are waging a double fight against Dr. McNeal, the present Commissioner who is asking for a third term, by supporting the candidacy of Judge Stillwell for member of Board of Public Works. Judge Stillwell is from the same county as Dr. McNeal and his nominaame county as Dr. McNeal and his nomina-on would bar Dr. McNeal. The only candidates for Secretary of State are Hon. E. W. Doty, of Cleveland, and Charles Kinney, chief clerk of the office under its present incumbent. A dark horse is said to be grooming for the place.

Will Indorse McKinley. WICHITA, Kan., March 9.-The city is bronged to-night with Republican politicians who are to attend the State convenon, which will be called to order at 11 o'clock to-morrow morning. The convention will elect six delegates at large to the St. Louis convention. Five of the numerous candidates for this honor have their election practically secured. They are Cyrus Leland, M. M. Murdock, A. P. Riddle, Nate Barnes and T. J. Anderson. It is practically settled that the convention will indorse McKinley and declare in favor of a protective tariff. To-night the financial estion seems to promise some contention. e Seventh district congressional convenion, which met here this afternoon, adopted resolutions calling for the free coinage of the product of American silver mines,

Obio's Watson Renominated. COLUMBUS, O., March 9.-Hon. David K. Watson to-day was renominated by the Republicans for Congress in the Twelfth district, which is usually Democratic, Mr. Watson breaking the record by defeating Mr. Outhwaite during the political landslide two years ago. Mr. Watson is forty-seven years of age. His is an attorney at law, and has been Attorney-general of Ohio two terms, attorney for the government in Pacific rallway cases, and assistant United States attorney. As Attorney-general of Ohio he com-pelled the reorganization of the Standard

The delegates to the national convention are: Charles L. Kurtz and Henry C. Taylor, of Columbus, both McKinley men. Mr. Kurtz has been Foraker's lieutenant in all his fights with the McKinley-Sherman factions. Kutrz could have named a delegate in place of Taylor, but did not.

For Mckinley and Free Coinage. WICHITA, Kan., March 9 .- Chester I. Long was renominated for Congressman; Major William McKinley indorsed for President, and a strong resolution favoring "the free coinage of all American silver" adopted by the Seventh district Republican convention which met here to-day. The convention was the most harmonious of years. Long's nomination was by acclamation and the convention was almost unanimous for McKinley. H. J. Bone, of Stark county, and Frank Vincent, Mayor of Hutchinson, were elected delegates to the national conven-tion at St. Louis and were instructed for McKinley. MINING EXCHANGE WAR.

NEW YORK, March 9 .- The World tomorrow will publish the following: The facing Exchange for two weeks culminated today in the expulsion from the board of difirm of Sims, Beres & Co., who were very active in founding the exchange. Sim was swamped last week by a call on Manhattan Gold Mining and Developing Company. He failed to meet certain obligations and was suspended. Colonel Ammon yesterday sold 1,000 shares of the stock, which he says was a "put," but which Sims had repudiated. The men met on the floor of the exchange and Ammon called Sims a liar.

The broker put on his hat and coat and retired under protest. Later he said: "This action is an outrage, and I intend to prove it illegal in the courts. We will have a receiver n twenty-four hours." The board of directors issued the following statement: "As it seemed to be necessary that more representative and influential citizens of New York city should be made members of the board, it undertook to create

vacancies in order that this view could be carried out. Several resignations have been red, and, furthermore, there seemed to demand coming from members of the exchange who have purchased their seats and paid for the same, that especially should Mr. George V. Sims resign his seat upon the board of directors. "Mr. Sims was approached and asked to ten-der his resignation. This he declined to do. In the meantime investigation was begun to determine the financial condition of his rela-

tions with the exchange, and a statement was finally obtained from him, which, in our opinion, shows a very considerable indebtedness from him to the exchange. At a meeting called this afternoon they did, by unanimous voce, declare Mr. Sims expelled from the directorate." Colonel Ammon and C. V. Holmes said the exchange would be reorgan-

ARMOUR & CO. SUED.

Asked to Pay \$570,000 for Alleged Violation of Oleomargarine Law.

WATERTOWN, N. Y., March 9.-Attorney-general Hancock, through Mullin, Griffin & Walker, of this city, has instituted an action against Armour & Co., of Chicago, to recover penalties amounting to \$570,000 for alleged violation of the State law in selling oleomargarine in different places throughout the State during the past six or seven years. This suit is the outcome of the attempts made by Commissloner of Agriculture F. C. Schraub to suppress the sale of oleomargarine since he assumed office. His endeavors in this respect were met by the defendants by in-junction, restraining him from prosecuting any suits until the determination by the Supreme Court of the United States of the tion of the constitutionality of the law phibiting the sale. About a year ago that court held the law was constitutional whereupon the Commissioner of Agriculture sought to begin the suit in question, but was unable to obtain service of the mons until now.

BROCKVILLE, Ont., March 9.-A maniac who arrived here to-day on the 11:45 a. m. a's of Omaha are asserting that the order train shot eight men. One man, Peter will cut a big figure in selecting delegates to | Moore, is dead, and Chief of Police Rose is the St. Louis convention from Nebraska, fatally wounded. The maniac himself was shot through the body and is now in jail. He made a terrible fight. His name is said

It was just about noon when Lapointe came on the street, carrying a shotgun. The first person he met was an old man named Peter Moore. Raising his gun Lapointe deliberately shot Moore dead. Chief of Police Rose, who was just coming from his office. ran in the direction of the report, and as soon as Lapointe saw him he took steady aim and fired at him, the shot taking effect in his breast and head. An old man named Dickson, who was standing near, received a charge of shot in the neck from the other barrel. Policeman Tinsley then appeared. Lapointe had his pocket full of cartridges and was shooting right and left at random. Tinsley got behind cover and endeavored to oot Lapointe, but failed. He then got beind a door in a grocery store, and, partly pening it, had just taken aim, when La-ointe fired, the bullet taking effect in Tinsley's head and neck. A young man who was the store ran up stairs, and from the window fired at Papointe, wounding him.
Lapointe quickly turned and fired into the
window, after which he fell exhausted to the ground. He was then captured and lodged

At the end of this time it is believed that the case will be presented to the Supreme Court, but a decision is not expected for several months. Durrant was sentenced to hanged on Feb. 21, but the slow manner in which justice is meted out to murderers in this State makes it plain he will not meet his death much before the close of this year. Meanwhile the prisoner is spending his time at the county jail much the same as the rest of the inmates. He has few visitors and devotes much of his time to reading and writing. He has written a history of his life, and lately he is said to have begun the study of law.

JOHNSON'S FINANCIAL BILL

MEASURE TO INCREASE NATIONAL BANK CIRCULATION REPORTED.

Senator Morgan's Plan for Collecting Money Due from the Pacific Railway Companies.

Special to the Indianapolis Journal.

WASHINGTON, March 9 .- Senator Turple gave a characteristic display of his selfishness and craving for notoriety in the Senate to-day. The fact that the Senate would discuss the Cuban resolutions had crowded the galleries almost to suffocation with a brilliant audience. At 2 o'clock, under the rules of the Senate, the Cuban discussion was formally displaced by the Dupont election case. Mr. Sherman was speaking. Promptly at 2 o'clock Mr. Turpie arose to address the Senate on the election matter. Mr. Sherman courteously appealed to the Indiana Senator to yield him the floor, and other Senators suggested to Mr. Turple that the election case might easily be laid aside briefly for so absorbing a topic as the Cuban affair. But Mr. Turple had seen the crowded Senate chamber and the galleries black with people, and he recognized the opportunity so seldom accorded him of speaking to an audience. Hence he refused, of the day in the House. Among the bills and began, in his dreary, irritating way, to read a voluminous legal discussion of the CANADIAN HUNTER BAGS HUMAN Delaware law. The galleries, after a short outcome of a long fight against the gas comsatisfaction. As if by common impulse, every spectator arose, and there was a stream of people escaping into the corridors. Mr. Turpie's colleagues on the floor smiled grimly and then they too stole away, until five minutes after Mr. Turpie began, only the presiding officer and the official stenographer sat with dreary resignation in the

MR. JOHNSON'S MEASURE.

Favorable Report on Bill to Increase Circulation of National Banks.

Special to the Indianapolis Journal. WASHINGTON, March 9 .- The bill of Rep resentative Johnson, authorizing national banks to issue circulation up to the par value of the bonds deposited by them, instead of 90 per cent., as at present, was ordered to be favorably reported to the House by the banking and currency committee to-day. A number of amendments were suggested, principally with a view to making it obligatory on the banks to avail themselves of their power to issue circulation as proposed by the bill but all such amendments failed. The measure has been pressed by Mr. Johnson for some years past, and there is a strong sentiment among bankers throughout the country in its favor. Mr. Walker, the chairman of the committee, does not appear to be sanguine of successful action on the bill. Mr Walker has a currency bill of his own, whose merits will be conceded, but whose prospects of passage in the House are more than dubious. Consequently, Mr. Walker regards all other financial bills coming from his committee with indifference, and it would be premature to say whether the Johnson measure will ever be called up before the House under circumstances which will insure its passage. Should it pass the House, its final enactment into law would still be a grave question at the present session of Congress. Senator Voorhees, it may be recalled, strange though it reads at present, introduced this same measure in the Senate at the time he and President Cleveland were repealing unconditionally the silver-purchasing clause of the Sherman act, but Mr. Voorhees has not introduced the bill this year.

THE PACIFIC RAILWAYS.

Senator Morgan's Plan for Temporary Control by the Government. WASHINGTON, March 9.-Senator Morgan to-day introduced in the Senate a long document in the shape of a resolution embodying his ideas of a plan for the reorganization of the Pacific railroads. It instructs the committee on Pacific railroads to report the bill introduced by Mr. Morgan, giving jurisdiction to the Court of Appeals of the District of Columbia in cases brought by the United States involving government liens on railroads. The resolution also innext, a year will have passed since the structs the committee to report a bill either murder of Blanche Lamont, and yet Theo- as an original bill or an amendment, condore Durrant, who was convicted of her taining provisions for refunding the outmurder last November, is still in the county standing government Pacific railroad bonds preme Court in the case. Immediately after | debted to the United States, and also the first-mortgage bonds; the refunding bonds to run for thirty years, at the option of the government, and subject, after ten years, to be called in and paid by the United States, and to bear interest at the rate of 3 per cent. The refunded bonds are to be held by the United States Treasury and be exchanged for the old bonds. They are to be secured as the present bonds are. A sinking fund is provided for to be deposited by the companies at the rate of 6 per cent. per annum to pay the interest of the bonds, if not paid by the railroad companies.

Direction is also given for taking posses sion of the roads by the government under the provisions of the act of 1862. In that event the United States is to operate the roads as its property, the present board of directors in each road to be superseded by others consisting of nine citizens to be appointed by the President. No person now an officer or a stockholder of the roads, or of any railroad or transportation and telegraph company, or a member of Congress, or an official of the government, is to be appointed on these boards. The board of di-rectors is to manage the Central Pacific and Union Pacific and branch roads as one line and have power to fix rates. No dividend are to be paid on unregistered stock and the stock is all to be reduced to correspond with the value of the property. The funcsuspended, and the books, papers, contracts, at Cooper Union. Their headquarters were opened in Bible House. Many called during and imprisonment for refusal to turn them

The document closes with a declaration that the government is possessed in its own right of all the property of the Pacific rail-road; that it holds it as the means and instrumentality of national government and of interstate and international commerce that it is necessary that the roads should consolidated as one through line; that the government will preserve the property as far as is consistent with justice for the payment of all lawful demands and when the roads are freed from debt will permit the owners of stock to share in the ownership according to the value of the property

The Naval Appropriation Bill. WASHINGTON, March 9.-Another step was taken to-day by the House naval committee toward the completion of its appropriation bill. The items for the support of the marine corps, which are practically the same in amount as those carried by the last bill, were settled, and some minor details. There remain the questions of the number of new battle ships and the building of a dry dock at Algiers, near New Orleans, which may be considered to-morrow. Since the appearance of Chief Hichborn, of the Bureau of Construction, before the committee last week, two or three members have predicted that the battle ships would be reduced from six—the number recommended by the subcommittee—to four, because, he asserted, that the armor-plate plants now at work could not turn out enough armor to keep pace with the building of more than four ships. A difference of opinion exists in the committee on this point, because Secretary Herbert and the chief of ordnance of the navy expressed their views to the committee that armor plate could be provided for six or more ships. for six or more ships.

WASHINGTON, March 9.-In the United States Supreme Court to-day Justice Shiras handed down the decision of the court in the case of the United States vs. Dan K. Swearingen. The case was brought to the Supreme Court on a writ of error from the Kansas Circuit. Swearingen was indicted, and, on trial, convicted of sending obscene matter through the mail. The article in question was a newspaper attack upon a rival editor. The Supreme Court found that the court below was in error in its instructions pronouncing the article obscene, and, therefore, Supreme Court to-day dismissed the appeal in the case of the Raven Gold Mining Company vs. the Miners' Union of the town of Altman, in Colorado, appealed from the ecision of the Circuit Court for the District

TEMPORARILY EMBARRASSED.

Albion Paper Company, of Holyoke, in Financial Difficulties. Albion Paper Company, of Holyoke, is temporarily embarrassed and to-day a large amount of its paper went to protest. The officials of the company, which has been regarded as one of the most stable in the country, confirm the story of its difficulty, but say that with leniency on the part of their creditors they will be able to tide over the stress. Their liabilities are between \$500,000 and \$1,000,000. Definite figures it is npossible to secure. The assets of the con pany, so it is officially stated, are sufficien pany, so it is officially stated, are sufficient to pay creditors 100 cents on the dollar. The company has considerable paper out, \$150,000 being distributed among forty banks, mostly in Springfield, Holyoke and western Massachusetts. Slow collections are said to be responsible for the company's present embarrassment. The company has called a meeting of its creditors, to be held in Springfield, Saturday, when a complete statement of the company and its condition will be made. The attorney of the concern says that no attachments have been levied on the company nor does he anticipate such a proceeding. Further, that no assignment has been made and none will be made unless the company is pressed by its cred-

NEW FACTOR IN POLITICS.

Sports Threaten to Defeat Candidates Who Do Not Favor Pugilism. SAN FRANCISCO, Cal., March 9 .- John L. Sullivan and "Parson" Davies are preparing to head a movement to place pugilism on a paying basis. Sullivan believes last year, the Sporting League beat 113 candidates for Parliament, because their views on sporting did not satisfy the league," said Sullivan. "We want to ask candidates for the Legislature or for Congress, or for the Senate, what they think of boxing, horse racing or any kind of sports, boxing, horse racing or any kind of sports, and if their views coincide with ours we will vote for them. But if they do not we'll beat them. People have got a bad view of boxing. If a horse gets killed, or a jockey, the race goes on just the same, but if two box and one gets killed, a lot of ministers get up and call it an outrage. That ain't fair. Boxing ain't brutal and we're going to try and show that it is just as legitimate as any other sporting proclivity. If a mate as any other sporting proclivity. If a man wants to go to church, let him; if he wants to go to a fight, he's got a right to. We want to educate and tone up the people to understand boxing. Of course, if a man don't want to see boxing he don't have to, but he's got no business to interfere with those who do. Take a minister, his graft is

to tell how to go to heaven. Let him stick to that. What business has he got to inter-fere with legitimate sport?" Yale Will Contest at Henley. NEW HAVEN, Conn., March 9.-The Yale News has the following concerning the plans for the Henley regatta in which Yale will participate: The Yale crew, consisting of thirteen men and Mr. Robert J. Cook, '96, as coach, will sail for England on June 6 for Southampton. Two shells, exactly similar to those used by Yale for the past ten years will be taken along. A letter will be sent over within a week or so en-tering the Yale crew in the grand challenge cup. A canvass for the race of the crew has been made, and it has been found that none will be disqualified by the clause in the Henley race requirements which prohibits any member who has done manual work from rowing in the event.
